#### **PATTERN NOTES**

*This instruction is not included in single pattern, but may be useful to refer to. Instructions for alternate cable cast-on should read:*

I recommend casting on using the alternate cable cast-on method to create a ribbed cast on which provides additional stretch. Begin with a slip knot, *knit* into the slip knot and place new st onto same needle, *purl* between slip knot and *knit* st, and place new st on needle, *knit* between *knit* st and *purl* st and place new st on needle. Continue in this manner alternately casting on first with a *knit* st followed by a *purl* st. When casting on an even number of sts your last cast-on st will be a *knit* st.
