SLEEVES

Chart Placement and Sleeve Shaping

There is an issue with the instructions in this section for the 2nd and 3rd sizes only, which leads to working a diamond pattern instead of an oxo pattern. For these 2 sizes, for the paragraph starting: Commencing with line, refer to the instruction stating: **work upwards** from line 93–116 (93–116, 93–116, –, –, –, –), work as follows:

2nd and 3rd sizes only

work upwards from line – (93–103, 93–103, –, –, –, –), then work upwards from line – (128–140, 128–140, –, –, –, –)

Note that when working the decreases, after working the third decrease round, instead of ending on chart line 115 and working the fourth decrease on chart line 116, you will end on chart line 139 for these sizes and the fourth decrease will then fall on chart line 140 of the motif.

NECK

The following instructions are missing from the start of this section:

Neck Steeks

Reinforce and cut open neck steeks along cut line (see Tutorials).
