Chart C and Chart D

There are some small errors on these 2 charts; the same issues replicated on both charts. If desired, the patterns could be worked without correcting the errors, or by simply correcting the errors with duplicate stitch.

Reading charts from right to left, the first red flower in both charts is missing 3 stitches in green on chart line 17. This issue can easily be corrected by referring to the other flowers when working the duplicate stitch in Yarn D (Icelandic Moss).

In each chart, the jackdaw with yellow feathers has 2 errors and should be symmetrical with the red feathered jackdaw. Reading charts from right to left, on chart line 18 the first black square shown for the yellow feathered bird should be worked with Yarn A (Limestone), then on chart line 19, the last white square shown before the yellow feathered bird should be worked with Yarn B (Charcoal).
